Bro. Joseph M. Joseph
Principal, St. Joseph's Academy

Dear Esteemed Alumni,

I am delighted to learn that the Alumni Association is hosting the Annual Governing Body Meeting and Gala Dinner on December 20th, 2025, at St. Joseph's Academy, Dehradun. My heartfelt congratulations and best wishes to all of you as we come together to celebrate this special occasion.

This event offers us the opportunity to reconnect, relive cherished memories, and honour the bonds formed during our school days – bonds that are truly irreplaceable. The foundation of St. Joseph's Academy has shaped us into individuals of character, resilience, and integrity, and it fills me with immense pride to see how each of you has contributed to our nation's progress.

As we gather once more in the familiar surroundings of our alma mater, we are reminded that this gathering represents not just individual achievements but the unity and camaraderie that define us as Josephites. Your ongoing support, whether through mentorship or simply sharing your successes, continues to inspire and enrich future generations of students.

I extend special thanks to the Alumni Association, led by Maj Gen Sanjay Sharma, VSM (Retd), Secretary Tirupati Juneja, Treasurer Akash Jain and the organizing team for their tireless efforts in making this event memorable.

May we continue to carry the torch of our alma mater with pride and ensure that the legacy of St. Joseph's Academy shines brightly through our contributions to society.

Thank you for being part of this special occasion. I look forward to many more years of meaningful connections and shared success.

With warm regards and best wishes.

(Bro. Joseph M. Joseph)

Message from the PRESIDENT

Maj Gen Sanjay Sharma, VSM (Retd)
President, SJA Alumni Association

Dear Josephites,

January 2024 marked a fresh beginning for our Alumni Association, with a new team coming together with renewed enthusiasm and a clear resolve to connect with more Josephites across age groups and geographies.

We focused on strengthening our financial foundation by renewing all Fixed Deposits at higher interest rates and expanding memberships, particularly by encouraging Class 12 pass-outs to join the Association early. Upholding our values of fairness and transparency, we avoided any direct involvement in admissions. Principal SJA has always been appreciative towards Alumni support and is actively considering our request for additional 5% marks for wards of Alumni Association members during admission tests.

From 2023 to 2025, the Association functioned from a makeshift office. I am happy to share that our Alma Mater has now allotted space for a permanent Alumni Association office along with archive walls, marking an important milestone for preserving our legacy.

Our global alumni network continues to thrive, with highly successful annual dinners organized by the Europe, North America, Mumbai, Dubai, and Delhi chapters. These gatherings have seen tremendous participation and we look forward to deeper social and professional engagement through them.

With your continued support, the St. Joseph's Academy Alumni Association will keep growing in strength and spirit.

Warm regards,

(Sanjay Sharma)

TIRUPATI JUNEJA

Advocate

Secretary, SJA Alumni Association

Dear Esteemed Alumni of St. Joseph's Academy,

Warm greetings to each one of you! I hope this message finds you in the best of health, joy, and spirit.

As I reflect on our collective journey as proud Josephites, I am filled with deep gratitude and admiration for what we have built together. The SJA Alumni Association has grown into a dynamic and close-knit community – one bound by cherished memories, shared values, and an enduring commitment to our alma mater. Each year, this bond becomes stronger, and this year has been no exception.

The past term has been exceptionally vibrant and fulfilling. Our calendar was marked with a host of alumni-led activities that brought together Josephites across batches, professions, and continents. From the spirit-filled annual reunions to meaningful social gatherings and cause-driven fundraising initiatives, every event witnessed enthusiastic participation. Our professional networking meets also opened new avenues for collaboration and mentorship, allowing our alumni to uplift and support one another in impactful ways. These efforts have not only strengthened our alumni network but also allowed us to make a tangible difference in the lives of students and the broader SJA community.

None of this would have been possible without the unwavering support of our alumni members. Your energy, involvement, and goodwill have been the driving force behind every success. I offer my heartfelt appreciation to each of you for your contributions – big and small. A special word of gratitude goes out to our respected Principal and Patron, the school staff, and my fellow committee members. Their guidance, encouragement, and tireless work have ensured that the spirit of SJA remains vibrant, progressive, and deeply connected to its alumni.

As we look to the future, I am excited to share the vision we hope will guide the next phase of our association's journey. The incoming committee aims to enhance collaboration within our community, strengthen existing initiatives, and introduce new ones that respond to the evolving needs of our alumni. We envision expanding our mentorship programs, creating stronger academic and career-focused support for current students, and fostering platforms that allow alumni to share expertise, celebrate achievements, and engage with the school in meaningful ways. The goal is to ensure the alumni association serves as a pillar of support – not just for graduates, but also for future generations of Josephites.

I encourage every one of you to stay connected, involved, and inspired. Your stories, contributions, and presence bring life to our association. Whether by attending events, supporting scholarships, mentoring students, collaborating in professional circles, or simply reaching out to reconnect – every gesture enriches the tapestry of SJA's legacy. Together, we are not merely a network of former students; we are a living, evolving family that continues to uphold the values and traditions that St. Joseph's Academy instilled in us.

As we prepare to welcome the next Managing Committee for the term 2025–27, I extend my best wishes to them. May their tenure be filled with purpose, innovation, and success. I am confident that they will lead with dedication and take our association to even greater heights.

With warm regards, profound appreciation, and the spirit of SJA in my heart,

(Tirupati Juneja)

UDIT HANDA **Member (Senior)** **SJA Alumni Association**

Dear Alumni and Friends,

It gives me immense joy and pride to share a few words with you all through this year's alumni magazine. Having served the SJA Alumni Association in a senior capacity for the past two years, I have had the privilege of working closely with our dedicated team and witnessing once again what makes the Josephite spirit truly special.

When I look back at my school days, what stands out most is how SJA shaped us – through its values, its discipline, and its culture of balance between academics and sports. At that age, we often take these things for granted, but once we step into the larger world, we realise how strong and distinctive our foundation truly was.

The education we received at St. Joseph's Academy, the environment of healthy competition, and the guidance of our teachers prepared us far more than we realised at the time.

The Big Field rounds, football sessions, PT drills, and friendly rivalries instilled resilience, teamwork, and a sense of steady progress. What seemed like everyday routines back then have continued to support us in navigating the many demands and challenges of life.

But above all, it is the friendships from school that remain closest to my heart.

There is something pure, honest, and irreplaceable about bonds formed during those early years. We did not choose our friends based on titles, success, or achievements – we simply grew together. Even today, no matter how far life takes us – across cities, countries, and careers – when Josephites meet, it feels like coming home.

During my time serving the Alumni Association, I have experienced this spirit first-hand. The willingness of our community to come together, support initiatives, attend events, contribute ideas, and uplift each other is a testament to the legacy of SJA. I am grateful to have played a small part in strengthening this network and creating platforms where alumni across generations can reconnect and collaborate.

As we look ahead, I hope we continue to cherish our school, contribute to its progress, and stay connected as one large family. Let us keep supporting the association, encouraging our younger Josephites, and celebrating the traditions that shaped us into who we are today.

Labore Est Ora.

Warm regards,

(Udit Handa)

25 Silver & 50 Golden Celebrations

Feb 2024

The Silver Jubilee Batch from St. Joseph's Academy Class of 1999 gathered in Feb 2024 for a remarkable reunion to commemorate 25 years since their graduation. The celebration continued with the Class of 2000, whose festivities were set for January 2025, bringing together over 50 alumni from five different countries and twelve Indian cities. This impressive turnout highlights the widespread influence of their shared educational journey.

Meanwhile, the classes of 1974 and 1975 celebrated their 50th Golden Anniversary, creating a nostalgic atmosphere filled with fond memories of their formative years. Both the Silver and Golden Jubilee batches honoured their beloved faculty members—former principals and teachers—by presenting them with shawls and mementos, symbolizing the deep gratitude of their students.

These heartwarming gatherings embody the enduring spirit of camaraderie that has lived on for decades, reminding all attendees that their shared experiences at this esteemed institution continue to foster meaningful connections that transcend time—transforming these reunions into a celebration not only of the past but of enduring friendships forged during their school days.

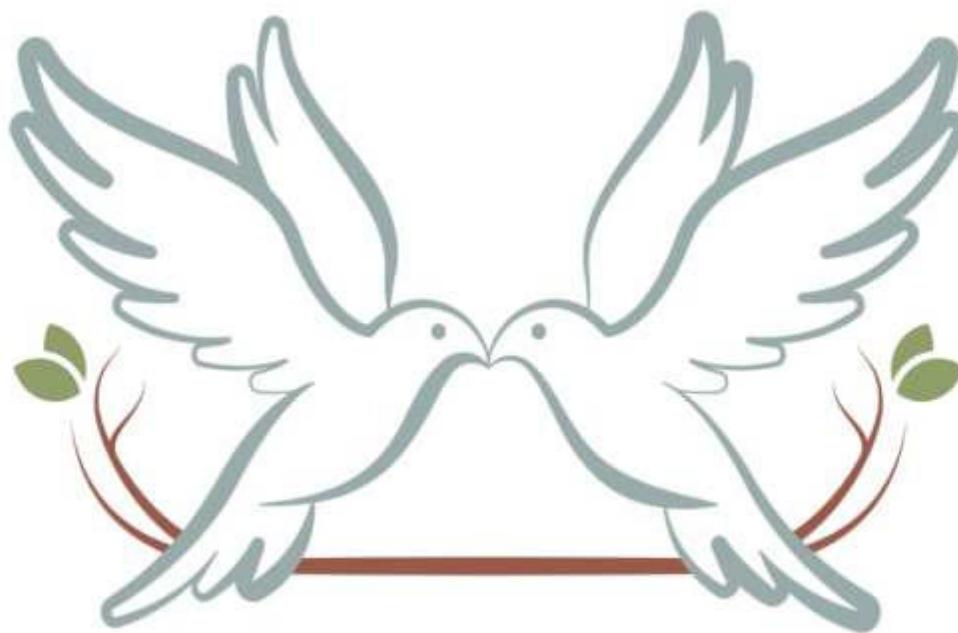

SPRING LUNCH Reunion

The next event that was organised after a break of four years was the Spring Lunch Reunion on the 25th of February 2024 at the Hockey Field. The event witnessed a footfall match with around 200 members rejoicing and reliving their school time, unleashing their inner child with joyful kite-flying, Kancha and fun-filled games over a scrumptious spring spread and dancing to the retro music being played by the live band.

NATURE WALK to Sura Devi Temple

7 April 2024

The vibrant springtime bloomed on April 7th, 2024, as the SJA Alumni Association embarked on a delightful hike to the picturesque Sura Devi Temple, with Mr. Ajay Sharma being the perfect heritage guide. The scenic trail alongwith stories by our guide transformed into a photographer's paradise, with towering Sal trees standing tall on either side, their lush green canopy filtering sunlight, and creating a cool, refreshing atmosphere. This invigorating escape from the city's bustle provided the perfect opportunity for alumni members to reconnect with nature and each other. The walk ended with our favourite hot Bun-Samosas and tea.

Teachers' DAY 2025

On Teachers' Day, we do not merely celebrate a profession - we celebrate a mission. Teaching is not just about lessons delivered in the classroom; it is about lives influenced, values instilled and dreams awakened.

A true measure of a Teacher lies not just in their academic knowledge, but in their ability to inspire, influence and igniting passion in their students.

To all our Teachers - both past and present - We Thank you for your patience, wisdom and unwavering commitment - the long hours you put in and the love you bring in our classrooms does not go unnoticed. You have planted seeds of knowledge, character and confidence - and for that we are forever grateful.

THEN SCHOOL, NOW LEGACY,
 FROM RAJPUR ROAD TO THE WORLD,

Forever Josephite's at heart

No matter where life has taken us—cities, countries, careers—every memory traces back to the same red-brick corridors, morning assemblies, and the echo of the bell at school.

Here, our roots were planted, our values shaped, and our dreams first given wings under the watchful eyes of our teachers who taught us that "Work is Worship" in and beyond the classroom.

Today, spread across the globe, we still carry the same motto in our hearts, the same colours of Bergin, Donovan, Dooley and Duffy in our spirit, and the same pride in calling ourselves Josephite's.

With best compliments from Abhay Chandna, batch of 1998.

A. C. BANSAL **Batch of 1962** **SJA Alumni Association**

A Second Chance rooted in the environs of St Joseph Academy...

From KG to Senior Cambridge: My memoirs ... nostalgic, appreciative, reflective and inspiring...

It is with a deep sense of nostalgia, gratitude and joy that I write to my fellow alumni.

For a Josephite, the years spent traversing the grounds from the KG section to the final days of Senior Cambridge are not merely an education – they are the very bedrock of my character. This truth has never been clearer to me then and during the over 3 years, when I wrote my memoirs, *When Life Gives You A Second Chance*.

The book is the story of a dramatic pivot in my life, yet its lessons in perseverance were undoubtedly learned right here, in the classrooms of the school.

I recall how our physics teacher, Mr. D'Souza would knuckle dust the students if they were ever unprepared for his questions or the chemistry teacher, Mr. G C Gupta would pinch twist our arms, 'Are chonch... kuch kaam to kar liya karoo', if we did not give the correct answers post his teaching. I recall vividly, being hauled up by the Principal Bro Doolie for talking in Hindi, or occasions when Bro Donovan, me being excessively talkative, I was asked to stand in the corner or outside the class so that all passers by could see me. The learnings have paid rich dividends during my adult life.

Again during school annual sports day practice time, I was awed with my classmates participating in 1600 meters cycle racing practice. I too picked my unprepared cycle and self-confidence and participated in the selection race and to my utter surprise came 3rd. Thereafter I came 1st in the sports day final race. Wow! Eventually I earned laurels in the District Sports too for the cycle racing event. Later I cycled from Dehra Dun to Delhi, a distance of 165 miles along with school buddy, Kaka (Kuldip Bajaj). A "Second Chance" mindset indeed.

During my later life years, I faced several occasions when the situation demanded I rebuild my life from the ground up. I didn't need to look for a new philosophy. I simply recalled the unyielding spirit that was nurtured in us during those inter-house competitions and the quiet insistence of our teachers to always finish the task. That foundational fortitude is what turned a crisis into an opportunity.

In my book, *When Life Gives You A Second Chance*, my memoirs take the reader on a candid and gripping exploration of personal crisis, resilience, and relentless pursuit of purpose, focusing on inspiration. Several early readers have remarked that the book is more than a memoir; it's a testament stated to the resilience of the human spirit present in all.

A single unexpected life upheaval, post hospitalization for 12 days during 2019 and diagnosis of Septicemia, a life threatening blood infection lead to multi organ failures. Doctors categorically advised that there were no further medical answers to my problems! The catastrophic moment upended my very existence...

Later reflection, validated the struggles of adapting to a new reality and celebrated the inner strength we all possess to navigate the unseen. It's a testament to the fact that the challenges we face do not limit us; they only demand a different kind of vision.

This sudden event shattered the rhythm of my world, forcing me to rely on self-faith and on inner clarity. I recovered through self-faith and wrote my memoirs to rediscover my identity and the true meaning of success.

The book is an intimate, powerful account of navigating darkness and finding a new, stronger direction. A compelling journey of spirit, touch, and profound adaptation spread over 8 decades. Every life is defined by moments of failure and redemption. With an honesty that is both rare and inspiring.

I feel setbacks are merely setups for powerful comebacks. The most important path is the one you feel, not the one you see.

A Message to the Alumni. I encourage fellow alumni to look back at their own SJA years and identify the core values that have sustained them.

My understanding of a Second chance isn't just one dramatic event; it's the daily decision to learn, forgive, and move forward – a habit we learned early on...

I wish that all for readers, their Second chance may be better than the first.

I express my deep gratitude for the school's enduring legacy in my life.

You can get a copy of the Book, *When Life Gives You A Second Chance*, on [Amazon.com](https://www.amazon.com).

With all wishes and Best Regards,

(A. C. Bansal)
